

Alumni Professional Achievement

HEIDI SHYU, MS '81, ENG '82

Hon. Heidi Shyu is the Assistant Secretary of the U.S. Army for Acquisitions, Logistics and Technology, overseeing some of the most advanced technical systems in the world and guiding Army investments in areas including aviation, weapons systems, science and technology. She began her Army career in 2010, after more than 30 years as an engineer, project manager and executive working on defense and satellite systems in Southern California. She served in several executive positions at the Raytheon Co., including vice president of technology strategy for Raytheon's Space and Airborne Systems. She previously worked at Litton Industries, Grumman Aerospace Corp. and Hughes Aircraft Company. Shyu is also a former chair of the U.S. Air Force Scientific Advisory Board.
